

6 Ways to Uncover Thinking & Deeper Understanding

<p>Make <i>and support</i> a connection – personal, source-based, or global</p> 	<p>Build Schema: Take it apart – name the parts, analyze how (or <i>how well</i>) the parts work together</p> 	<p>Generate open-ended questions that require sources & <i>analysis of evidence</i></p> 
<p>Define the challenge (or problem) and plan a solution pathway</p> 	<p>Engage with peers – Assign individual roles with specific tasks to find a solution or meet a group goal</p> 	<p>S-T-R-E-T-C-H: Apply this concept or idea to a new situation, scenario, or alternate solution</p>
